

DATA ACCESS & PERMISSION AGREEMENT

**Between S&D Wash Management LLC (Quick Quack Car Wash)
and Noah Coleman DBA CODEV Marketing**

Effective Date: December 1st, 2025

This Data Access & Permission Agreement (“Agreement”) is entered into by and between **S&D Wash Management LLC d/b/a Quick Quack Car Wash** (“Quick Quack”) and **Noah Coleman dba CODEV Marketing** (“CODEV Marketing”), and serves as an addendum to the existing **Salesperson Commission Agreement dated January 15, 2025**.

1. Purpose

The purpose of this Agreement is to grant CODEV Marketing limited access to customer status information contained in Quick Quack’s CRM system strictly for the purpose of accurate calculation and verification of commissions earned through the vehicle-buyer 30-day promotional program administered by CODEV Marketing.

2. Permission to Access Data

Quick Quack agrees to grant CODEV Marketing view-only access to the following information for customers enrolled through CODEV Marketing’s promotional link:

- Verification of which customers redeemed codes generated by CODEV Marketing
- Status of such customers, including:
 - Active paying subscriber
 - Inactive or cancelled subscriber
 - Date of subscription start and cancellation (if applicable)

This access is granted exclusively for confirming which customers are qualifying paid subscribers for the purposes of monthly commission invoicing.

CODEV Marketing shall **not** be granted visibility into customer accounts, data, or metrics unrelated to the promotion originating through CODEV Marketing.

3. Restrictions on Use of Data

CODEV Marketing agrees and acknowledges:

- Customer information visible through the system remains the sole property of Quick Quack.
 - Information may be used only for calculating commission payments and for no other business purpose.
 - CODEV Marketing may not sell, share, transfer, publish, or advertise any customer information accessed through the system.
 - CODEV Marketing may not contact customers directly based on this information unless expressly authorized in writing by Quick Quack.
 - CODEV Marketing agrees to maintain confidentiality and safeguard all customer data to the same degree as required under the Salesperson Commission Agreement.
-

4. Modification or Termination of Access

Quick Quack reserves the right to modify or revoke system access at any time for security, compliance, operational, or legal reasons.

Such modification or revocation does not remove Quick Quack's obligation to provide accurate subscriber counts for commission purposes.

5. Relationship to Existing Agreement

This Agreement does not alter or replace the Salesperson Commission Agreement between the parties.

All terms of that agreement remain in full force. This Agreement simply documents additional data-access permissions that enable accurate invoicing.
